Thanks very much, Rick. I took a quick run through and responded to a couple of your questions about the Reservation; I don't have any other questions for now, but will let you know if I do later. Hope you have a great weekend too –

Mike

Mike

I finally finished inputting my comments to the master document on SharePoint (at least that's what I hope I have done). I apologize for the significant delay, but it always takes me much longer to input things than I think it should. Nothing particularly significant, but let me know if you, or anyone else, want to discuss any of my comments. I didn't spend a lot of time on the Statutory and Executive Order section since you said you were still working on that. Otherwise, I think I have thoroughly reviewed the document.

Have a great weekend.

Rick
